## ENA WILL MAKES FEW BEQUESTS

GIVES ONLY \$5,000 TO THE CHILDREN AND THEN DIRECTS REMAINDER TO BE HELD IN TRUST

The will of the late John Ena which was filed on December 14, is quite an interesting document. By the terms of the will the property of the deceased is to be held in trust for the heirs, who are the widow and the seven children, until the death of the final child and then the estate is to be divided among the heirs of these children. There are few bequests made.

To the widow is to be given an annual income of \$500 and the right to the Pacific Heights homestead during her life time as compensation for her acting as guardian to the children. The bequests are as follows: To Thomas F. Ena \$2,000; to Mary Ena \$1,000 and to the remainder of the children \$500 each. The heirs are as follows: Mable K. Mary K., Charles K., Daisy M., Anna D., Thomas F., and John Ena Jr. After the bequests the property is to be held in trust and the income is to be divided equally between the eight heirs. Under the terms of the will the wish is expressed that the children shall be educated and the two sons are commanded to engage in business or to follow a profession unless incapacitated by ill health. In event of their leading unnecessarily idle lives, they will forfeit their share in the estate which will then be redivided among the remaining heirs. In event of the widow remarrying, she is to take counsel with whichever of the children may be of age, and have a new guardian appointed.

The property of the deceased is estimated to consist of \$70,000 in real estate at Honolulu, \$50,000 in real estate at Long Beach, California and \$63,000 in life insurance, stocks, bonds etc., principally in Honolulu. The will is dated August 19, 1905. Father Valentin and the Hawaiian Trust Co., Ltd., are named as executors.

## GOVERNOR WANTS HATCH TO HELP

WRITES TO HIM ABOUT THE PROPOSED TRANS-PACIFIC CONSULAR CONGRESS.

Governor Carter has sent to F. M. Hatch the Washington representative of the Planters, the facts concerning the proposed Trans-Pacific Consular Congress. The Governor's idea in bringing the matter before Hatch is to have the latter, if he considers it proper, to bring the proposition to the notice of the Congress that is to be held shortly in Washington for the purpose of promoting foreign trade, and secure an endorsement of the project from that body.

The Governor enquired this morning the cause for Delegate Kuhio not being in Washington to represent Hawaii's interests at the present session of Congress. He was informed that Kuhio had been ill.

## JANUARY TERM CALENDAR ISSUED

ONLY THREE MURDER CASES UP THIS TERM—ALL ARE JAPANESE—MANY CIVIL CASES SET.

The calendar for the January term of the Circuit Court of the First Circuit has just been issued. The Hon. Judge W. T. Robinson is presiding judge for the term. This calendar names as officers, Attorney General, E. C. Peters; County Attorney, J. W. Cathcart; High Sheriff, William Henry; and County Sheriff, C. P. Lauke. There are fifty-five criminal cases on the calendar. There are only three murder cases among them. Those against Katsutaro Takamoto, Momiura and Masada are the only cases of this kind on the calendar. The majority of the remaining cases are of a minor character.

There are 144 civil cases on the calendar. An order has been issued that the jury civil cases will be tried in the order in which they appear on the calendar. Attorneys desiring continuances will be required to give ample notice so that the continuances will not interfere with the procedure of the court.

The cases of the Kaneohe Ranch Company vs. Nannie B. Rice and Francis M. Hatch vs. Samuel Norris have been set for trial on January 7 at the opening of court.

Owing to the Judge being disqualified in the cases of J. P. Mendonca vs. G. Markham, W. W. Bierce Ltd. vs. C. J. Hutchins, trustee, et al. and The Good Hope Building Association vs. F. J. Amweg and Blanche E. Amweg, those cases have been assigned to Judge Lindsay.

Midway were taken aboard here. From Midway the Restorer will go to Vancouver to drydock, to be absent from this port about three months.

## FATHER JAMES TO BISHOP RESTARICK

(Continued from Page One.)  
The power of the Pope within the English kingdom was introduced into the commons in the beginning of March, was transmitted to the House of Lords a week later, was passed by them and received the royal assent before the end of that month. It was styled "An Act Concerning the King's Highness to be the Supreme Head of the Church of England and to have authority to reform and redress all errors, heresies and abuses in the same."

Church property freely distributed among the legislators, won them over to the king's plan. Two men, John Fisher and Thomas Morris, who refused to prostitute their consciences for the king's wishes, paid for it by dying in 1535 on the scaffold.

Thus, history teaches, England was separated from Rome. This decree of Parliament declaring the bearer of the English crown to be also the sovereign in spiritual matters, has been reaffirmed since several times. On the strength of it the English sovereigns have since 1534 ruled their church. They have in turn commissioned their parliament to take charge of spiritual affairs, to adopt or modify the common prayer book, the articles of faith, the oath of office, the Liturgy, the Ritual, in short, they have had and are having yet a "Church established by law" or by the will of Parliament.

Now at to the theological value of such an establishment, I have explained my opinion the other day in my communication to the "Star."

Thanking you for the opportunity you gave me to contribute this much to the cause of truth, and remaining at your orders for answering any other questions you may have to ask in this connection,

I am, Right Reverend Sir,  
Yours respectfully,  
JAMES C. BEISSEL.

## LEAD ON TRACK OF BURGLARIES

SUSPECTED THIEF CAUGHT AS HE WAS EMERGING FROM THE PREMISES OF JUSTICE FREAR.

Detective Joe Leal appears to have the lead-wood on Ah Poi, a Chinese suspected of having guilty knowledge of the recent burglaries at the homes of J. E. Fullerton, Joe Little, Sam Johnson and others.

Yesterday Leal was driving in his buggy when he observed the Chinese mentioned running out of the grounds belonging to Chief Justice Frear. Asked what he was doing there the Chinese said that he was asking the Japanese whether they needed any pol. Leal questioned the Japanese attendant about the place, all of whom declared that they had not seen the Chinese.

The house of the Chinese near the Insane Asylum was searched with the result that 17 silver Wilder steamship spoons were found. He is held for further investigation.

## GUARDING AGAINST OUTBREAK

(Continued from Page One.)

Every time he is sent out with a gang where he has to walk one of his legs swells to unusual size. When he is given a less arduous job about the prison the swelling disappears and is never seen. The affection has baffled the physicians.

James is regarded as a most shift, desperate man. The High Sheriff is mindful of the possibility that he might try to induce other convicts as desperate as himself, to make an attempt to secure their liberty. This is another reason for placing the most reliable guards on duty in that part of the penitentiary.

## LIKELIKE'S LIFE BOATS UNDER WATER

STURDY INTER-ISLAND BOAT HAS THE ROUGHEST EXPERIENCE OF HER HISTORY.

The Inter-Island steamship Likelike yesterday morning, running from Kaula to Honolulu, experienced the roughest trip of her history. Her decks were awash for four hours and part of the time her life-boats were under water. Her deck load of cattle, 65 head, was banded from side to side and it seems to the men aboard a miracle that no more than nine were killed.

The Likelike is a sturdy craft and bore her trial well. She got a taste of the stiffest gale she ever knew and she was traveling light and had great difficulty in keeping her course.
